 Mysite

## CAREER OBJECTIVE

- I want to be a full stack java developer. I emphasize learning and growing with my knowledge power . And wish to analyze, developing technologies pace with future

## PROJECTS

- Blogging sites (during internship program :- Creating and Management).

### Web Scraping :-

( Scrapping and capture details in excel and pdf )

Package used :- axios, jsdom, excel4node, pdf-lib, minimist, etc.

( From axis load the web page and from jsdom we get DOM of page after selector uses we make excel sheet and folder wise pdfs. )
